

## MONARC Interior Wall Panels

---

**Introducing MONARC, a waterproof Aluminum Composite Material designed for interior spaces.**

In this presentation, you will learn about the innovative waterproof features of MONARC - an Aluminum Composite Material that is set to revolutionize interior design and construction. MONARC offers a versatile and durable solution that can be used in both commercial and residential spaces, inspiring creativity and enhancing any project. We will also discuss the various applications of ACM and provide installation and fabrication details of the material.

### Learning Objectives:

1. Discover the nine key benefits of aluminum composite material (ACM) and how they can elevate your next project.
2. Unleash the power of ACM for your upcoming interior wall solutions and witness its transformative impact.
3. Master the design considerations and installation process for ACM in bath/shower surrounds, interior wall panels, backsplashes, elevator cabs, and decorative wall panels for common spaces.
4. Stay ahead of the curve. Discover the latest architectural and design trends for construction in North America and be at the forefront of innovation.
